

UPster® U 500 XD

Undercounter dishwasher for dishes,
baking sheets, trays and crates

MEIKO Clean

UPster® U 500 XD Highlights

Professional dishwashing machines have to cope with all sorts of environments, from cafes and bakeries to butchers, bistros and restaurants. That means they need to offer a wide range of features, as well as maximum flexibility.

To address this need, we created the *UPster® U 500 XD*: whatever the size and type of washware, this advanced system gets it hygienically clean.

Our engineers have included everything you would expect from the successful *UPster®* series, like sturdy and durable materials, resource-efficient technology and intuitive operation. This dishwashing machine can be integrated under the counter or mounted on a plinth for ergonomic use.

Benefits of the UPster® U 500 XD:

- ✔ impressive flexibility
- ✔ deep wash chamber for bulky washware
- ✔ for dishes, glasses and takeaway containers
- ✔ for trays and baking sheets (400 x 600 mm)
- ✔ for crates and containers (400 x 600 mm)

MEIKO®
ACTIVE

For sustainable hygiene and impressive washing results, MEIKO recommends cleaning and hygiene products made by **MEIKO ACTIVE**.

The machine fulfils the hygiene requirements specified in EN 17735.
